

Flower Arranging Group Report:

The 10 flower arrangers in the group generously provide and fund beautiful arrangements in St George's Church on a rota throughout the year, usually working in pairs. Several experienced members have retired during the past year and new people of all abilities, particularly younger people, are very welcome to join us.

The group enjoys coming together to decorate the church for the main festivals in the church year. On these occasions we appeal for donations to pay for flowers and supplies. Prices of flowers and floral supplies have increased considerably over the past few years and donations have not kept up. It has become a struggle to provide the sort of displays we would wish. We appreciate the money which the PCC has recently allocated for floral decorations which will make a big difference.
