

All Together Service

We meet the second Sunday of every month, and provide a service aimed at families with young children. It is a Communion service, as for some parents it is the only service they can attend each month, we also sometimes have adults, who just wish to attend a later service.

We make it as inter-active as possible, and always include an activity, and also action songs and percussion instruments are also available. As a team (Karen Williams, Rachel Phillips and myself), we are self sufficient, just relying on a vicar to preside. We have a small but loyal group of families that attend, for some of whom, this is the only way they attend.

Puppets

We are now just a small group of 4 regular puppeteers (if you are 11+ and you fancy a try, please let me know), and my thanks go to Madeleine, Emma and Ella for their continued support - and their valuable ministry. We perform at key services, such as Easter Day, Christmas day, Christingle and the Crib service. We also try to be at some of the AT services - although work constraints mean we often struggle. Originally something we developed for the children, we find they are appreciated just as much by the adults
